

# IAN SPANGLER

ARCHITECT

## PROFILE

Enrolled student currently studying and looking for an internship opportunity to gain experience. Highly motivated and eager to learn new skills and techniques to expand knowledge and contribute to the organization's success. Driven by innovative problem-solving and strategic thinking. Founded Treeverb Audio while at CalPoly SLO, demonstrating adeptness in design thinking and online business expansion. Honed my 3D design and creative thinking skills at CalPoly and Holdren+Lietzke Architecture, collaborating on visually compelling architectural solutions. Time at Monterey Signs helped to grow business acumen and skills to produce on a deadline. It is a journey that reflects a blend of entrepreneurial spirit, scholastic effort, and collaborative success.

## EDUCATION

Pursuing Bachelor's Degree In  
Architecture & Minor In  
Architectural Engineering

California Polytechnic State  
University-San Luis Obispo

*Expected graduation Jun 2027*

**Dean's List 2022-2025**

## KEY SKILLS

Design Thinking  
Innovative Problem Solving

3D Design-Rhino, Blender  
AUTOCAD-LT  
Model Building  
Lumion Pro/Vray

Adobe Creative Cloud  
Google Workspace

**(831) 760-2528**

## PROFESSIONAL EXPERIENCE

### Architectural Student

September 2022 – Present

CalPoly SLO

- Developed a portfolio of creative design interventions ranging from housing solutions to temporary pavilions to large venues
- Studied building code and zoning constraints, along with an emphasis on construction document reading comprehension
- Studied and applied theory of statics for building stability and structural solutions
- Studied energy code and constraints, including baseline energy/carbon simulation
- Extensive use of Rhino 3D Modeling Software
- Competed in 2023 and 2024 Design Village Competitions

### Architectural Intern and 3D

#### Draftsman

June 2024 – Present

Holdren+Lietzke Architecture,  
Monterey CA

- Worked on 4 luxury residential projects as a 3D draftsman and rendering specialist
- Made stylized elevation graphics in Illustrator for DBA approval
- Participated in site visits and site studies.
- Demonstrated innovative problem-solving and strategic thinking.

### Sign Fabricator

June 2021 – January 2024

Monterey Signs, Monterey CA

- Fabricate custom signage by hand and using equipment.
- Experience with Banners, Vinyl Wraps, ACP, Aluminum, Coroplast, MDF, PVC, Sintra, and Foamcore signage.
- Work off of design documents provided.

- Utilize various tools and techniques to fabricate and assemble signs according to design specifications.
- Collaborate with the design team to develop innovative and visually appealing signage solutions that meet client's specifications Ensure the quality and durability of the fabricated signs by conducting thorough inspections and tests.

### **Treeverb Audio LLC**

2023 - Present

- Grew out of student project, became working prototype
- Extensive design and prototyping using 3D software and d-fab
- Looking to kickstart online
