# IAN SPANGLER

ARCHITECTURE STUDENT/DESIGNER

## ABOUT ME

4th Year Architecture student, with a passion for design and integrating architecture with engineering. Gained experience at multiple high level offices, and demonstrated academic excellence in university settings.

## EDUCATION

*Expected in 06/2027*

**California Polytechnic State University, San Luis Obispo**

- B.Arch-5 Years.
- Minor - ARCE
- LA Metro Participant

## KEY SKILLS

- 3D Design- Rhino, Blender Grasshopper
- Midjourney/Prome/Firefly AI
- AUTOCAD-LT/Revit
- Physical Model Building/Sketching
- Lumion Pro/Vray/Enscape/D5
- Adobe Creative Cloud
- Google Workspace

## AWARDS

- **Best in Show** - 3rd Year Design (Cyborg Redwood)

## EXPERIENCE

### MAD Architects

*Santa Monica, 6/25-11/25*

- Collaborated with senior architects to refine project concepts and specifications. Participated in client meetings to gather project requirements and feedback.
- Prepared presentation materials for design proposals and client reviews. Utilized CAD software for drafting plans and 3D modeling of structures.
- Helped create 3D models of buildings using computer-aided design tools.

### Cal Poly Architecture

*San Luis Obispo, 9/22-Current*

- Developed a portfolio of creative design interventions ranging from housing solutions to temporary pavilions to large venues
- Studied building code and zoning constraints, with an emphasis on construction document reading comprehension
- Studied and applied statics for building stability and structural solutions
- Studied energy code and constraints, including baseline energy/carbon simulation
- 3.75 GPA, Multiple time Honor List.

### Holdren+Lietzke Architecture

*Monterey, 6/24-6/25*

- Worked on 4 previous and one current luxury residences as a 3D draftsman and rendering specialist full-time over the summer and part-time in school.
- Made stylized elevation graphics in Illustrator for DBA approval.
- Participated in site visits and site studies.
- Demonstrated innovative problem-solving and strategic thinking.

### Yazdani Studio / Cannon Design

*Los Angeles, 1/26-Current*

- Began position as an architectural intern as a part of LA Metro.
